

SRI-ENACT

Co-creating Tools and Services
for Smart Readiness Indicator Uptake

Stakeholder Liaison Group Introduction

Dr. Stamatia Rizou (Project Coordinator)

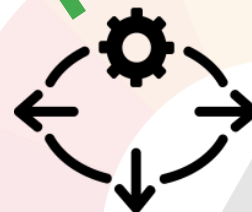

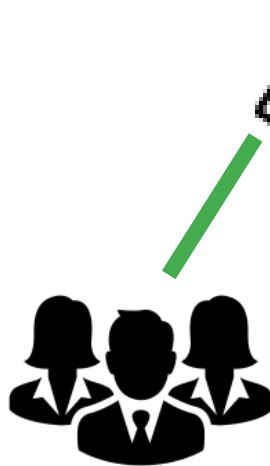

The LIFE21-CET-SMARTREADY-SRI-ENACT project has received funding from the European Union's LIFE Programme under grant agreement N°101077201

SRI-ENACT Expected outcomes

Enhancing the smart readiness of buildings in **specific national contexts**
(on the basis of the national framework/ national regulations)

Training professionals
(SRI auditors)

Design of new SRI **financing & decision support tools**

Stakeholder Liaison Group

Context & Objectives

- To co-design the **national SRI methodology** that would be later applied in pilot assessments of buildings.
- To attract building owners, building managers, and building users, willing to participate in the **SRI assessment** (over 100 buildings per country), implemented within the project.
- To assist in identifying experts interested to become **SRI auditors**.
- To promote **Info Days** and **SRI pilot programmes**.
- To promote the **SRI-ENACT methodology and toolkit**, as well as SRI training opportunities.

SRI Ecosystem

- **SRI Platform:** The SRI platform is an exchange forum involving building professionals interested in the SRI, and more generally in smart and efficient buildings.
- **SRI Cluster:** 4 Projects funded under LICE21-CET-SMARTREADY Call

- All 4 projects contributing with SRI tools, training and pilot programmes are represented in Greece, creating a momentum for the SRI uptake in our country
