

## Project Name

SRI-ENACT (Co-creating Tools and Services for Smart Readiness Indicator Uptake)

## Description

SRI-ENACT aims to engage stakeholders at national and EU level to co-create tools and services for the uptake of the Smart Readiness Indicator (SRI). The project will develop tools and services that calculate the SRI and provide recommendations and guidance on how to make buildings smarter.

## Project Budget

2 097 587.34 eur

## Project Coordinator

Dr. rer. nat. Stamatia Rizou | SingularLogic

## Key Objectives:

To engage stakeholders in a co-creation process for the design of the SRI-ENACT approach, enabling assessment, analysis and decision support for improved smart readiness in buildings

To develop a web-based toolkit implementing the proposed SRI driven methodology

To test, calibrate and evaluate the proposed SRI-ENACT solution in more than 1.200 buildings across EU

To replicate the SRI pilot programmes

To explore and develop concepts for the financing of building smartness upgrades and demonstrate the potential market value of smart readiness of buildings

To develop policy recommendations for a global improvement of smart readiness of European buildings

## Work plan

The work plan consists of 6 Work Packages (WPs) that include tailored activities to improve the smart readiness of European buildings. In particular, there are two vertical WPs for the overall coordination of the project and for implementing communication and dissemination activities, whilst the remaining 4 WPs are clearly connected with the SRI-ENACT objectives.

Co-creating Tools and Services  
for Smart Readiness Indicator Uptake

# PROJECT FACTSHEET

## Project Partners

Belgium

Czechia

Austria

Spain

Latvia

Bulgaria

Croatia

Romania

Greece

The project brings together a multidisciplinary consortium, coordinated by SingularLogic, of 10 partners from 9 different EU countries :

- ICT partners (**SLG, SONE**)
- Researchers, Academia (**NTUA**)
- Energy agencies and other energy experts (**REGEA, BSERC, SEVEN**)
- Regional organisations (**RPR**)
- Facility and energy managers (**VEOLIA, BE**)
- Service providers (**ISPE**)
- Policy Makers & Public Authorities (**EHP**)

Stay tuned and get involved in our exciting activities!
